

Drawing Assignment

STEP ONE:

Create a grid of 4 x 5 equal sections. You may use the grid provided or create your own grid in your sketchbook.

STEP TWO:

Using the 'answer key', concentrate on drawing one square at a time in the corresponding grid. You are concentrating only on lines and shapes and where those lines and shapes are positioned within each square.

TIPS:

- Ensure that you use your full sketchbook page or the grid provided.
- The drawing that you create needs to be larger than your original source (remember is all cut up).
- Draw using solid contour lines. Do not draw "sketchy" lines.
- This is hard project that takes a lot of concentration. Ensure you are able to focus in a quiet space!

RUBRIC

Level Four

- large drawing, excellent use of your sketchbook page
- excellent contour line, no sketchy lines, lots of detail
- excellent resemblance to original image
- professional quality, excellent attention to line detail

Level Three

- good use of your sketchbook page
- good contour line, no sketchy lines, good detail
- good resemblance to original image
- neat, clean and good attention to line detail

Level Two

- some use of your sketchbook page
- some contour line, some sketchy lines
- some resemblance to original image
- effort to show line detail

Level One

- limited use of your sketchbook page
- limited contour line, sketchy lines
- limited resemblance to original image
- rushed, messy, poor line detail

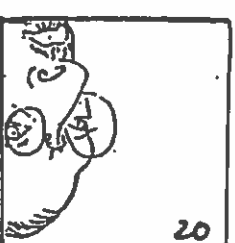

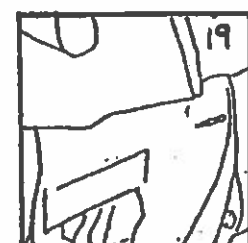

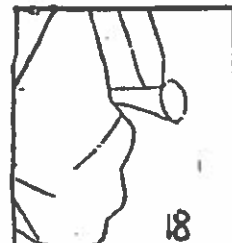

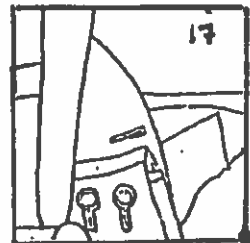

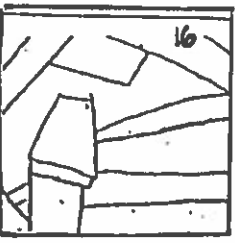

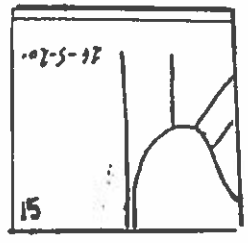

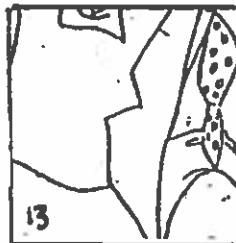

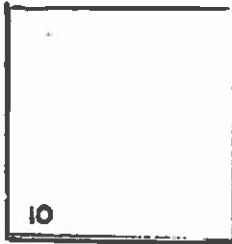

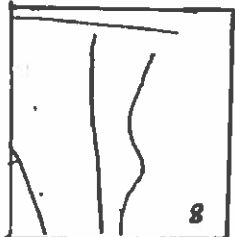

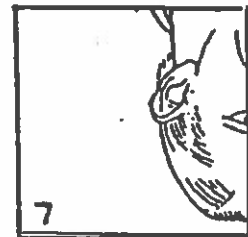

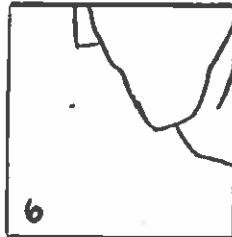

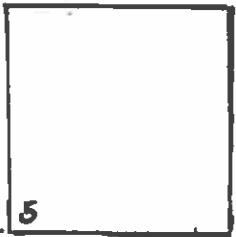

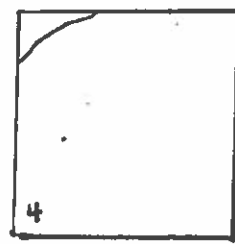

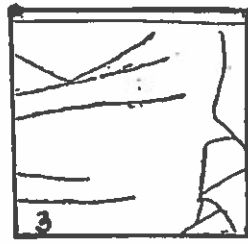

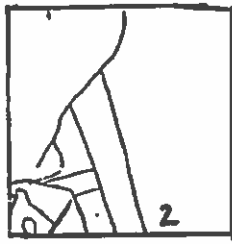

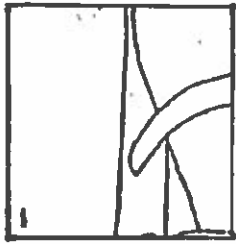

GRID ANSWER KEY

15	16	3	8
1	17	12	2
9	19	14	18
6	13	11	4
10	7	20	5

END RESULT:

When you complete each of the squares using the 'answer key' you will have drawn a complete portrait of a man called Igor Stravinsky.
This was a drawing completed by Picasso!
